### *1. Book your cruise*

Book your cruise is the first step to become a captain! After that then all your friend and family can join under your name!

### *2. Get all your friends together*

The earlier you start, the more money you can make! It won't be difficult to get everyone interested, since most students are already looking to travel for their Graduation celebration!

Get all your friends and acquaintances excited about our Graduation Party Cruise. If your friend is planning to join your group all they have to do is give your name and they will automatically be put under your group and that is one cabin added to your group! The more you spread the word, the more sales you will generate. You can work as much or as little as you want... feel free to pass out flyers, or even just posting on Facebook and Instagram will generate sales for you.

### *4. Earn Cash for Each Cabin That Books*

As people start booking using your name, your commissions will start adding up automatically!
